WINCHESTER REPEATING ARMS CO., NEW HAVEN, CONN.

For Governor of New Mexico for the next four years, Miguel A. Otero.

Mrs. McKinley has so improved her health that she is on her way back to Washington.

The great strike of the machinists is almost a thing of the past, and from present indications will end in their favor. This goes to prove that it pays to strike when times are good.

May 24th was a red letter day for Secretary Reynolds, of Santa Fe. Five incorporation papers were recorded, which proves that capital is being invested to greater extent in New Mexico than ever before in her history.

Three school directors are to be elected next Monday and the people should see that none but first class men be elected. The Prospector has no candidate and is only anxious to see good officers elected. Men who will see that the money is spent judiciously and in the interest of good schools.

Many leaders of the Democratic party have made millions in the last few months. Chairman Jones, Ex-Governor Hogg and Ex-Senator Pettigrew have been speculating in oil and railroad stock and can keep the wolf from their door, but what will they now do with the poor people they have promised to help.

The prospects for the Red River mining district still looks bright. Every deal that has been started in the last six months will without doubt go through. The more mining men investigate the resources of this section, the better pleased they are. Let every one pull together and it will not be but a few months until this camp will be one of the best producers in the southwest.

New Mexican.—Judge John R. McFie, who is now holding court in Rio Arriba county, is working hard and clearing off the docket rapidly. In addition many indictments are being found and evil doers are coming to realize that the days in which they flourished in this territory and committed crimes with impunity are over. Judge McFie is ably assisted by District Attorney E. C. Abbott who is making an excellent record for himself. All these things help to aid the territory in general and the county in which they occur in particular.

NOTICE.

All persons are hereby warned not to trespass upon the June Bug placer claim, or to remove any wood or timber from the said premises.

June Bug M. & M. Co.,
Ed. Hatton, Manager.

FLAG DAY PROCLAMATION.

Governor Otero May 22nd, issued the following proclamation:
Whereas, the 14th day of June has been accepted by common consent as "Flag day", throughout the United States, and most appropriately so because on that day, in the year of our Lord 1794, the beautiful Stars and Stripes were adopted as the American emblem, and whereas it is desired that there be a more general observance of Flag day than there has been in previous years.

Now, therefore, I, Miguel A. Otero, Governor of the territory of New Mexico, do hereby recommend that the 14th day of June, 1901, be celebrated throughout the territory as Flag day, and that on that day under the auspices of patriotic societies and public schools, exercises of a patriotic character be held in the school houses, and other convenient places, commemorative of the first flag and of the many stars that have been added to it since, and of all they represent, and may our fervent prayers go out that to the beautiful flag may soon be added one other star which shall represent our beloved New Mexico. It is also recommended that on that day the business men and citizens generally make a generous display of the Stars and Stripes, Done at the city of Santa Fe, this 22d day of May, A. D. 1901. Witness my hand and the great seal of the territory of New Mexico.

MIGUEL A. OTERO,
Governor of New Mexico,
J. W. RAYNOLDS,
Secretary of New Mexico.

CAUGHT ON THE FLY.

Parents first teach a child to talk, then try to teach it to hold its tongue.

P. T. Barnum's heirs have begun fighting over his estate. Here is where the lawyers will have a show.

No tri will object to cool treatment on the part of her best summer fellow when in an ice cream joint.

It is noticeable that most of the girls who are coming out in their summer dresses start about half way out, to make it sure.

That New York man who forgot that it was his wedding day and went fishing must have very freely sampled the bait before starting.

King Edward VII's salary has been placed at \$2,284,000 a year, a large figure, but a monarch who makes no foolish speeches deserves to be well paid.

Carrie Nation says she didn't marry David for love. Without wasting much time on speculating on why Carrie did marry David, one is tempted to go on to another phase of the subject and try to figure out why David married Carrie.

The costliest war of all time was the civil war of 1861-5 in the United States. That war cost the northern states a total of 6,200 million dollars, while the southern states spent over 2,000 million dollars in addition. And this does not include the enormous expense of pensions which have been paid for the last thirty-five years. Next in cost to the war of the rebellion was the Franco-Prussian war of 1870. It cost in round numbers, 3,500 million dollars.

Now we are to have pneumatic eggs. A man in Tiffin, O., is feeding his hens on powdered rubber and the misguided fowls are producing rubber-covered eggs. The ingenious account of this phenomenon says that the sulphur in the eggs vulcanizes the rubber to a hardness which preserves the egg. It is a significant fact that this man was formerly an actor.

In an interview in New Orleans Mrs. McKinley paid this touching tribute to her husband, which illustrates the character of our president better than tons of biographical sketches. She said: "If anyone could know what it is to have a wife sick, complaining, an invalid for 25 years, never a day well; and yet never a word of unkindness has ever passed his lips; he is just the same tender, thoughtful, kind gentleman I knew when first he came and sought my hand." Mr. McKinley has proven his great devotion for his wife in her recent illness in San Francisco.

strates the character of our president better than tons of biographical sketches. She said: "If anyone could know what it is to have a wife sick, complaining, an invalid for 25 years, never a day well; and yet never a word of unkindness has ever passed his lips; he is just the same tender, thoughtful, kind gentleman I knew when first he came and sought my hand." Mr. McKinley has proven his great devotion for his wife in her recent illness in San Francisco.

MINING NEWS

If you want to see some fine colors, pan some of the Willard ore.

The old soldiers of this place will see that the graves of their comrades will be decorated today with flags and flowers.

Rev. W. J. Wright will next Sunday morning preach a memorial sermon. All are invited and especially the old soldiers.

The Red River Copper company are having the Copper King group of claims surveyed this week by William McKean, U. S. Deputy Mineral Surveyor.

The Chicaska Mining company has begun work on their property which is the extension of the Black Copper. They expect to push development work all summer.

J. P. Kelley and his brother are at work on their mining property on the north fork of Red River. They have a fine property. The lead is about five feet wide and carries high in gold and copper.

C. A. Endeman left this week for the head of Pioneer to begin development work on the Dauntless. This property has a fine lead and Mr. Enderman has great confidence in its future.

August S. Baca and Gaudia Bulgaronia of the Inferno Tunnel up Pioneer arrived in camp last week and with Louie Marchino they expect to begin work at once. They will also get down enough ore for a trial run at the June Bug mill.

Report reached us last week from Amizett that the Rio Hondo mining company had commenced making brick. They expect to start work on their smelter some time next month, and they are also pushing development work on the Frazer mines.

The June Bug mill fired up Tuesday and yesterday they started the mill. J. A. Bean, their mill man who has had a large amount of experience in Colorado mills, arrived from Denver Tuesday. This mill is the improved Elpass and has the reputation of being very successful where operated. They will test the Memphis ore first, and then we understand, they will treat the Jayhawk ore.

PATENTS

promptly procured, OR NOTED. Good model, sketch or plan for free report on patentability. Book "How to Obtain U. S. and Foreign Patents and Trade-Marks," FREE. Patent forms ever offered to inventors. PATENT LAWYERS OF 25 YEARS' PRACTICE. 20,000 PATENTS PROCURED THROUGH THEM. All business confidential. Good advice. Satisfactory service. Moderate charges.

Co., Publishers Denver, Colo.

NOTICE OF FORFEITURE.

To Leon Bonfina, his heirs or assigns: You are hereby notified that I have expended one hundred dollars each year during the years 1898, 1899 and 1900 in labor and improvements upon the Mexican girl mining claim, situated in the Red River mining district, in the county of Taos, New Mexico, located July 15th, 1896, and recorded October 16, 1896, in book 17, 5th page 103, mining records of Taos county, at the office of the county clerk and recorder of said county. Said amounts were expended during said years for the purpose of holding said claim under the provisions of section 2324, revised statutes of the United States, and amendments thereto. And if within 90 days after the service of this notice by publication you fail or refuse to contribute your portion of such expenditure as co-owners, together with the costs of the publication of this notice, your interest in said lode claim will become the property of the underscriber, your co-owner.
J. L. BIGELOW.
First Publication Jan. 31st, 1901.

NOTICE OF FORFEITURE.

Thn B. Maurer, his heirs or assigns, you are hereby notified that I have expended one hundred dollars in labor and improvements upon the Golden Treasure No. 1, mining claim. Located August 16, 1895, and recorded August 19, 1895, in Book 15 at Page 119, in the office of the County Clerk and Recorder of Taos county, and is situated in the Red River Mining District, Taos county, New Mexico, and one hundred dollars in labor and improvements upon the Golden Treasure No. 2, mining claim, located August 16, 1895, and recorded August 19, 1895, in Book 15, at Page 181 in the office of Probate Clerk and Recorder of Taos county, and is situated in the Red River Mining District, Taos county, New Mexico, in order to hold said premises under Sec 2324, revised statutes of the United States, being the amounts required to hold the same for the year ending December 31, 1899. And if within 90 days after this notice by publication you fail or refuse to contribute your proportion of such expenditure as a co-owner, your interest in said claim will become the property of the sub-scriber under said section 2324.
V. C. Hvatt.
First publication Dec. 13, 1900.
